Dear Mr. Robinson:

I thank you heartily for your note with check to pay railroad fares.

You are beginning a notable ministry. You have captured the hearts of the people, and you will have power in your leadership of them. It is a great satisfaction to feel that a people I love so much is to be happily and spiritually led.

It was a great pleasure

to me & be with you at your installation, and to share a glimpse into the happiness of your charming family. God bless you abundantly in your labors and give you great blessed & spiritual results, and in personal satisfactions. With kindest remembrances to Mrs. Robinson & the children, I am,

Very Cordially Yours,
C. W. Evans.

P.S. Will you please send me the account of the installation in the papers?

My dear Clarence

I received your letter and thank you for the check to defray Expenses, & hope that it did not come out of your pocket. It was a real pleasure to have a part in electing you as such a worthy pastor. It is really a great Church, in an ideal place, and as far as I could observe supported and dominated by aristocratic people. It is a

will be worthy of your best efforts and abilities.
And I expect to see you and the Church grow
together. If you will listen to a word from
me I would like to tell you to keep up your
studies along Apologetic and Systematic
theology lines. I think that you have both the
mind and heart to make a great teacher in a
Seminary. You have scholarship, balance and the
right sort of personality. So I trust you will keep your-
self in touch with these lines of knowledge by Cordially
Best Wishes for you & Mrs Robeson Thos B. Laird
